

RCMS[®] Statement of Conformity

Innospec Fuel Specialties, LLC

200 Executive Drive

Newark, DE

has been found by Midland Engineering Limited to conform to the requirements of the

American Chemistry Council's Responsible Care Management System[®]

Technical Specification: RC101.06

Scope: The activities, operations, employees, and products of Innospec Fuel Specialties LLC facilities at Newark, DE/Headquarters, and the activities of its employees at other locations performed in the course of their employment.

This system does not apply to other independent Innospec businesses operating in the US, nor does it apply to Innospec, Inc. Innospec Fuel Specialties LLC engages the services of multiple independent entities to perform its business functions, including the manufacture of its products. These independent entities, their processes, operations, employees, and products are expressly excluded from the scope of this system.
